Morgan Aberle, Kelso

Met with Alyssa at Riverside. The county is applying for a grants. She asked Morgan what he would like to see in the area. Fences around the fields, remove some asphalt are requested.

Gary Bennett, Longview

Gary is now the Coach Liaison for Longview. Spoke about his vision for development of his position.

Cathy Reynolds, Treasurer

Via text: Waiting for year end financials from Kalama and Kelso. Longview is ready to be sent to the CPA.

Kalama report via email:

Tara is not able to attend. Brandi is willing to contact Vancouver if needed.

Trieste Madden, Registration Committee

Kalama has 6 coaches, 48 players, most are upper age brackets, needs more players to fill younger teams. Request for a coach to play in the High School division in Vancouver. They would like 3 players to play up 3 years. The entire team would need to play up to accommodate the ages of the 2 oldest players. It was agreed upon that the jump was too big for the younger players to go from 7th grade to High School.

Kelso has 16 coaches, 108 players

Longview has 52 coaches, 239

Late registration will open until March 10th. Longview total numbers will need to be around 500. Discussed the dramatic drop in numbers and the steady decline over the past several years.

Jennifer Cockrill, Referee Assignor

Still seeking certification from the state. Will not be able to be assignor in the spring unless receives certification so a scheduling system can be used.

Morgan asked about who has access to the Registrar's general email. Trieste checks it and will share the login with someone from Kalama if they'd like.
